Honorable Leo A. Hoegh
Director, Office of Civil and
Defense Mobilization
Washington 25, D. C.

Dear Mr. Hoegh:

Mr. Dulles has asked me to reply to your letter of 13 November 1959 enclosing copy of the booklet entitled "Guide for Civil Defense Action - in the Washington Warning Area."

We have studied this booklet and wish to express our admiration for the thoroughness with which it was prepared. It seems to provide direct information on questions vital to every citizen in the vicinity of Washington.

We are publishing a notice within this Agency alerting all of our employees to the distribution of the booklet and requesting those who for any reason do not receive copies to advise us in order that we may obtain copies for them. Our request for these copies, and for extra copies for official use within our organization, will be addressed to the Regional Director of Region 2 at Chevy, as you suggested.

Sincerely,

SIGNED

L. A. White
Deputy Director
